

23RD AOTEAROA NEW ZEALAND SCOUT JAMBOREE 2023-24

JAMBOREE ALERT

Attention all Jamboree Troop Leaders

Please be advised that the upcoming 23rd Aotearoa New Zealand Scout Jamboree's Opening, Closing, and Campfire events will feature flashing and strobing lights.

We are mindful that some attendees may have epilepsy or photosensitivity, making them particularly sensitive to these effects.

Please ensure that all attendees are informed and consider the sensitivity to these effects.

Please discuss this matter with the parents or guardians of the young participants, especially those who might be affected. Making an informed decision regarding participation in these events is crucial for the safety and well-being of our Scouts.

We appreciate your understanding and cooperation in creating a safe and inclusive Jamboree experience for everyone.
